

jdt Publications Limited

Affordable Publishing Solutions.

JDT Publications Ltd was established to publish the work of emerging Papua New Guinean writers, and present a new generation of literary talents to an international audience.

Our focus is to provide an avenue for Papua New Guinea and Pacific writers to publish their writing into quality paperback books and e-books. We believe that our literature survives in great books.

We offer publishing services of the highest quality and the most affordable rates for paperbacks and e-books. With the increase in the number of e-book readers in PNG and abroad, we make our books available in e-book format on Amazon Kindle and give a whole new reading experience to book lovers.

We work with our authors and guide them through various stages, right from writing a manuscript to becoming a published author. We try our best to make publishing as easy as possible.

Using the Print on Demand platform, we strive to provide the best publishing experience in PNG. The books we publish will never go out-of-print. The books will always be available on Amazon, Barnes & Noble, Goodreads, etc. In Print on Demand, copies of a book are only printed and shipped to the reader on time when there is a demand from readers. Authors are responsible for marketing and distribution. However, we can assist authors with book reviews, social media marketing and promotion and author branding.

We also provide editorial, design and formatting services to publish high quality books at an affordable price. Our publishing packages are designed to meet varying requirements of the authors depending on their budget.

Whether you're writing poetry, short stories, a novel, memoir, non-fiction, essays, anthologies, literary journals, policies or any book, we have the expertise to help you achieve it.

Keep the literary flames burning! Your voice matters! Get your book published today! ☺
